

Find: Enter a specific street address or name of a public facility (such as a school, hospital or governmental building), then click on “Find” to instantly zoom to that location on the map...or simply click anywhere on the map to go directly to that location.

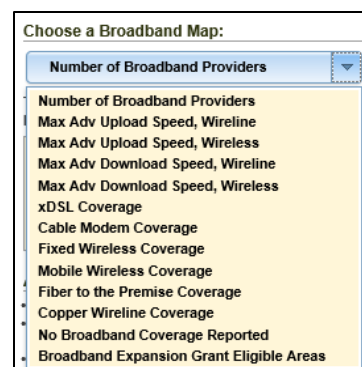

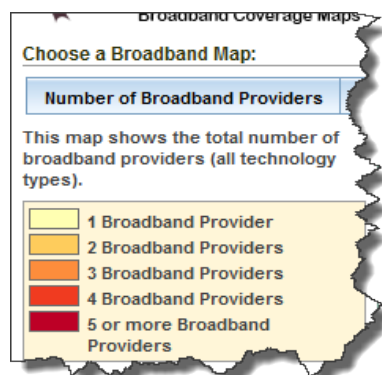

Zoom: The map includes a tool for navigating directions and zooming in or out. Mouse wheel zooming is also available. Simply roll the mouse wheel up or down to zoom in/out.

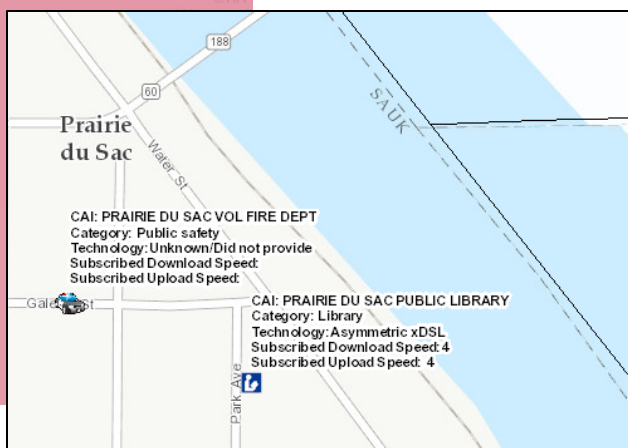

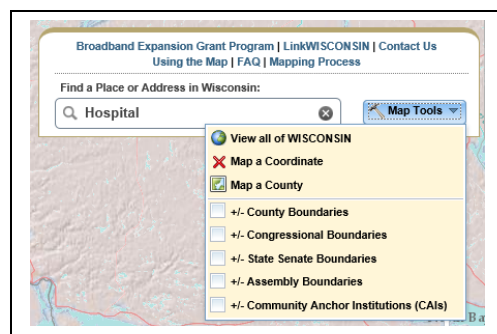

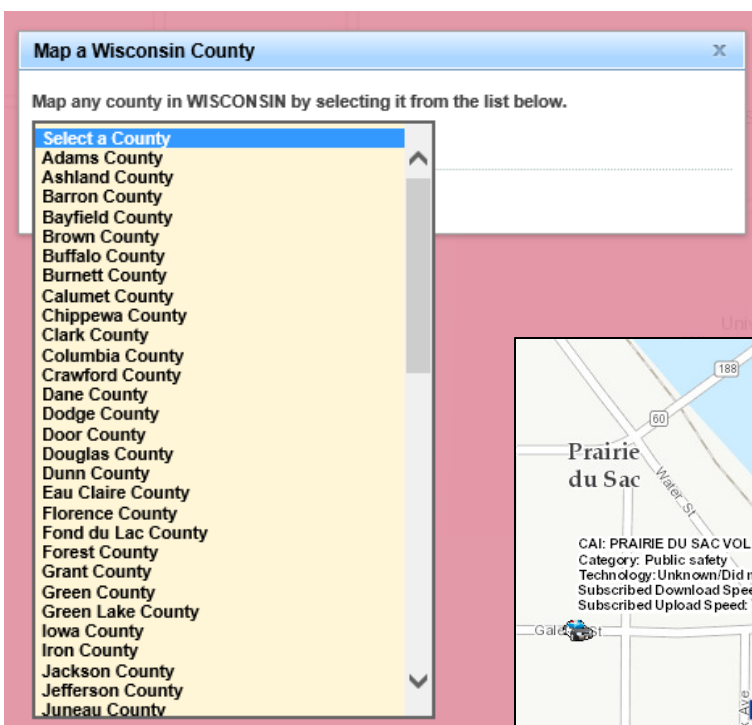

Broadband Coverage: View the reported broadband coverage at any location on the map by selecting from a list of options, including number of providers in a given area, coverage reported by technology type, and areas where no broadband coverage was reported. See which providers offer service to a particular area by clicking on any place in Wisconsin.

Speed: In the same drop-down box, you can also view advertised speeds by selecting from maximum advertised download and upload speeds for wireline (copper, fiber and cable) or wireless (fixed and mobile) service.

View: View all of Wisconsin, overlay political boundaries and/or Community Anchor Institutions (CAIs), and zoom to a specific coordinate or the county of your choice. Select your options from the Map Tools Menu.

Learn More About Broadband: Users are encouraged to check out the links throughout the mapping site to learn more about the LinkWISCONSIN program and its role in improving Broadband coverage and speeds across the state.

These links provide guidance for the mapping process used to make the Wisconsin Broadband Map, the Broadband Expansion Grant Program, and other program information.

Questions? Comments?: Contact the Public Service Commission of Wisconsin's LinkWISCONSIN Team by emailing PSCStateBroadbandOffice@wisconsin.gov
